

# BX155 | CLASSIC Collection

## Insert

The three speed push button control is located on the underside of the BX155 for easy access and control. The range hood cannot be seen from eye-level, allowing you to arrange your cabinets as though there were no fan, creating a fluid and classy look. The machine washable mesh filter efficiently filters the air while bright LED light bulbs provide all the illumination you'll need. Another innovative design unique to Cyclone.
